

"DIGGING FOR TREASURE"

Proverbs 2:1-6

More than 100 years after the Klondike Gold Rush, prospector Shawn Ryan and his wife are leading a new Klondike Gold Rush that has made them millionaires several times over. "I don't have enough fingers and toes to name off what he has found," said geologist Mike Burke, "He has found a number of small deposits to larger deposits. It's at least probably a million ounces of gold." Ryan uses GPS to make geological maps, but his real innovation comes from his method of exploration. His main piece of equipment is a tulip bulb planter from Holland that he uses to dig down into the dirt. He then samples the soil closer to the rocks beneath. He staked over 40,000 claims which could contain 1 million ounces of gold – worth billions of dollars. Our text speaks about digging for wisdom.

I. OBTAINING WISDOM

A. There are incorrect ideas about wisdom/revelation in preaching

1. Gifting: You either have it or you don't If you admire good preachers: *Forget it – you can't be like that if you don't have it*
2. Revelation/wisdom will just happen *If you just wait for it for x number of years – eventually you'll be a great preacher*

B. But Revelation/wisdom in preaching is a matter of the heart

1. **Humility:** *V1 receive my words... A recognition that I need help/I want to get better*
 - a. *Years ago: Was a Pastor who would tell people: I am one of the best preachers in the Fellowship: No one else thought so!*
